It doesn't matter who you're insured with.

Until it does.

Does your insurance provider really understand you? Are they being proactive and talking through options that may better suit your needs? For example, did you know you can reduce your premium by:

- **Higher excesses?** Share the risk and pay less premium.
- **Better risk management?** A good broker will help you with security advice to secure better rates from insurers.
- **A Portfolio Policy?** Insure homes, cars and boats all on a SINGLE policy, saving time and money: the insurer sees the package as a better risk proposition.
- **Separating out your art and antiques** from general contents? They normally cost less to insure...
- **True tailoring of your policy?** If you only actually wear 30% of your jewellery collection, why pay to insure all of it worldwide for *all risks*?

La Playa is an award-winning independent insurance broker; we'll take an intelligent approach to structuring your insurance arrangements after a detailed and confidential review of your needs.

Why not give us a call? No call centres – just pick up the phone and talk to a real person who knows their stuff. Or email us, whichever you prefer.
